Welcome Letter

It gives me a great pleasure on the behalf of the Lebanese Society of Obstetrics and Gynecology (LSOG), to welcome you to the 22nd Annual Meeting of the society that will be held at Habtoor Hotel, Beirut, November 8 - 10, 2018.

You may recall the great success, which we all enjoyed, in last year annual meeting. We are determined that this year's meeting will be as successful if not more. The scientific program is outstanding and extremely rich, it will cover all the subspecialties including maternal health, fetal health, minimal invasive surgery, oncology, reproductive endocrinology and infertility, and urogynecology.

This year, we are extremely grateful and honored to have among us the world's top speakers and leaders in our field. Bringing together all the authorities in the fields of Obstetrics and Gynecology is an achievement by itself. They will deliver their state-of-the-art presentations in plenary sessions, debates, seminars, and workshops; making sure to satisfy your scientific and educational interests.

With its international standards, the LSOG Annual Meeting has become the most important and successful obstetrics and gynecology meeting in the region. It is the must-attend Ob-Gyn educational event of the year. I, therefore, invite you to be part of this cutting-edge conference, and to take the opportunity to interact and network with colleagues and friends.

Looking forward to meeting you all.

Antoine Abu Musa, MD, PhD

President, LSOG
