

Strategic Plan 2011- 2013

The Lebanese Society of Obstetrics and Gynecology (LSOG)

Mission Statement: The Lebanese Society of Obstetrics and Gynecology is a professional membership association committed to the promotion of women’s health care through continuing medical education, evidence-based practice, research, and public engagement

Vision: LSOG, being a leader organization in women’s health care, will seek and provide updated quality education, provide competent academic and practice support to our members, and improve women’s health care through standards practice, research, and advocacy.

Core Values: LSOG, being a professional organization dedicated to the advancement of women’s health and the competencies of our members, we value:

- Right of all women to access quality and safe health care
- Right of women to participate in medical care plan
- Professionalism of our members expressed in high ethical standards, evidence-based practices, collegiality, and life-long learning
- Scholarship in health care education and research

Goals: LSOG, being a leader organization in women’s health care, works towards achieving the following goals

Goals	Indicators and pathways
<p>Goal I: To seek and provide evidence- based knowledge and skills in women’s health to our members and to women community, by</p>	<ul style="list-style-type: none"> • Using educational and training models, as well as communication venues (meetings, seminars, workshops) • Support and encourage advancement of women’s health research and its integration into practice guidelines

<p>Goal II: To promote quality, efficient, and safe health care delivery for women, by:</p>	<ul style="list-style-type: none"> • Generate and provide guidelines for quality care practices and ensure their adoption by all providers of care for women • Promote client safety in all aspects of women’s health care • Acknowledge and address issues of overmedicalization of women’s health care and the impact of economic issues on the practice of obstetrics and gynecology • Address the issues of health systems performance and the workforce standards and demographics • Address policy changes that impact women’s health levels and health care practices
<p>Goal III: To improve the organizational structure of LSOG and support our members and membership</p>	<ul style="list-style-type: none"> • Evaluate regulary LSOG performance and governance • Raise memberships and maintain high qualificatoins for our members • Engage our members in all aspects of LSOG activities
